BRALIRWA Plc REPORTS 2025 FULL YEAR RESULTS

Kigali, 31st March 2026 – BRALIRWA Plc, announces today its financial results for the period ended 31 December 2025. Highlights included:

- **Revenue** increased by 22.1%, driven by higher volumes in both beer and soft drinks, and responsible pricing across the full portfolio to offset inflation and local currency depreciation against Euro.

Results from operating activities are mainly driven by top-line growth and partially offset by:

- Increased cost of sales (23.6 % vs. LY) due to higher cost of inputs (raw and packaging materials) in line with global inflationary and commodity trends.
- Higher selling and distribution costs (39 % vs LY) driven by increased investment to support our brands and higher cost of transportation to distributors.
- Less administrative expenses of 1.5%, mainly due to the reclassification of the fixed inventory movement to cost of sales following a change in the way of working in 2025. Excluding the change, administrative expenses are higher by 5.1%, primarily driven by increased staff costs.
- BRALIRWA's operating result increased to Rwf 70.9 billion (FY 2024: Rwf 59.4 billion) resulting from top-line performance partly offset by higher input & operational costs.
- Net finance costs decreased by 0.6%, mainly due to lower interest on bank overdrafts following improved cash collections during the year.
- Income tax expenses increased by 44.8% mainly driven by higher profit before tax vs last year and an increased deferred tax.
- Profit and total comprehensive income grew by 15.7 % to Rwf 42.8 billion (2024: Rwf 37.0 billion).

Managing Director Statement

"In 2025, we experienced an increase in top-line results, driven by sustained consumer demand in a favourable environment and the consistent execution of our mix and pricing strategy. While high input costs persisted, our operating performance was supported by ongoing efforts in cost management and operational efficiency efforts. Most importantly, we extend our sincere gratitude to our customers and consumers for their continued trust and enthusiasm for our products."

Outlook 2026

Looking to 2026, we remain cautious about the macro-economic and geo-political outlook. Our priorities are clear: revenue growth driven by volume and value, anchored by consumer and customer focus. We will maintain investments in our brands, innovation and commercial excellence, ensuring sustained value creation. Commitment to sustainability, talent development, and digital transformation will remain integral to delivering sustainable performance."

Dividend 2025

A cash dividend of Rwf 41.63 per share (2024: Rwf 35.96 per share) will be proposed to the Annual General Meeting of Shareholders on June 29, 2025. If approved, the proposed dividend will be paid on July 15, 2026. The dividend is equal to 100% of the net profit for the fiscal year 2025, and it is subject to withholding tax. BRALIRWA shares will have a book close date of 31 May 2026, which means that the final dividend will be paid to all shareholders whose names appear in the Register of Shareholders at the close of business on 31 May 2026.
