# Press Release

28 March 2024

Kigali, 28 March 2024 – Bralirwa Plc. announced its financial results for the period ended 31 December 2023.

16.5%

Revenue increased by 16.5% driven by efficient pricing to offset inflation in 2023 and the carry-over benefit of pricing from 2022 and growth in premium products. The volume decreased slightly by 1%, due to a slowdown in consumer demand caused by inflationary pressures.

Results from operating activities mainly driven by top line growth and other income, partially offset by:

15.9%

Increased cost of sales (15.9 % vs. LY) due to higher cost of inputs (raw and packaging materials) in line with global inflationary and commodity trends.

7.9%

Higher selling and distribution costs (7.9 % vs LY) driven by higher cost of transportation to distributors due to tariffs increase, and more outlets visibility led by the increased coverage and to more trade support to increase consumer experience.

5.7%

Reduction of administrative costs (5.7% vs LY) driven by settlement of prior year taxes audit in 2022.

Bralirwa's operating result increased to Rwf 54 billion (2022: Rwf 42 billion) resulting from revenue performance offsetting input costs increase and effective fixed costs management.

BRALIRWA'S OPERATING RESULT  
INCREASED TO  
**Rwf 54 Billion**

85.6%

Net finance costs increased by 85.6% mainly driven by foreign exchange cost following the Rwandan franc depreciation against the euro and dollar.

19.2%

The profit before tax increased by 19.2%, however, the income tax expense decreased by 0.8 % mainly due to lower taxable income from the write-offs of old debts.

Profit and total comprehensive income grew by 30.9 % to Rwf 29.5 billion (2022: Rwf 22.5 billion).

## Managing Director Statement

"Building upon a strong 2022, we experienced an increase in overall top-line results driven by improved mix and pricing strategies. Our focus on revenue management, cost-saving initiatives, and operational efficiencies significantly enhanced our operating results despite very high input and energy cost inflation. In 2023, we continued to invest in our people, brands, capacity, sustainability, and digital solutions to drive sustainable performance".

## Outlook 2024

Looking ahead to 2024, we remain cautious about the macroeconomic and geopolitical outlook. Our focus will be on revenue growth, led by volume growth resulting from the completed investment in additional beer capacity and value generation. This will be enabled by continued investment in our brands, innovations, commercial capabilities, and route-to-consumer to deliver long-term sustained value creation.

## Dividend 2023

A cash dividend of 28.69 per share (2022:21.91) will be proposed to the Annual General Meeting of Shareholders on June 28, 2024. If approved, the proposed dividend will be paid on 30 August, 2024. The dividend is equal to 100% of the net profit for the fiscal year 2023, and it is subject to withholding tax. Bralirwa shares will have a book close date of 30 July 2024, which means that the final dividend will be paid to all shareholders whose names appear in the Register of Shareholders at the close of business on 30 July 2024.
